4 . Mark Animals As Sold

Tick those animals that have been sold. Official registration of transfer is done by the Secretary when the new owner sends in the Pedigree Registration Certificate or Flock Book Number with payment. However in order to keep your flock records tidy and remove an animal from your lists you may mark it as sold. At the bottom of the form is a box to complete details of where the animal has gone – this is useful background information for Association records and gives the Secretary an opportunity to contact the new owner (if they are non-members, they may be invited to join). If you do not know the details of where the animal has gone, you can type in 'Unkown'.

Every animal MUST have a tick in one of the three boxes before it will allow you to submit. The easiest way to do this is to click on 'tick all animals as alive' then work through the list and change the ones you have sold or are dead, as you go along. When you are happy with the list click on submit.
